

# Signed in Blood

Whatever comes around  
We will stand our ground as one  
Forever signed in blood

I can still remember  
When we were young just seventeen  
We said it was forever  
Like an 80's movie scene

Well it was Martin, me and Jonny  
We cut each other's trembling hands  
And we held on to a promise  
Only brothers would understand

It's been so many miles and days between us  
Yet I know you're the reason why we can't let go

'Cause when all is said and done  
We're still brothers in arms til' the end of time  
And whatever comes around  
We will stand our ground as one  
Forever signed in blood

We were living on a prayer  
But we ain't those kids no more  
They say that time will wait for no one  
Still we're connected to the core

And Mattias like the rest of us  
He took an oath and raised his glass, and Marcus said  
We will always be the same boys  
Whatever will come to pass

It's been so many miles and days between us  
Yet I know there's a reason why we won't let go

'Cause when all is said and done  
We're still brother in arms 'til the end of time  
And whatever comes around  
We will stand our ground as one

Whatever comes around

And sometimes words are not enough  
It's a ring of trust in this world of lies  
And whatever will remain  
We will stay the same as one  
Forever signed in blood

When all is said and done  
We're still brother in arms 'til the end of time  
And whatever comes around  
We will stand our ground  
All for one  
Signed in blood  
It's a ring of trust  
In this world of lies  
And whatever comes around  
We will stand our ground  
One for all  
Signed in blood
